Mr. BRYAN ran 18,000 votes shy of the regular state Democratic ticket.

WHAT'S the use of the Legislature passing laws if a Commonwealth's Attorney can set them aside at his own sweet will and pleasure?

GOVERNOR BECKHAM has pardoned John BOUGHAN of Johnson county, who had served eight months of a ten-year sentence.

BOUGHAN was sent up for manslaughter. He is a son-in-law of Judge W. W. HALL, a prominent Democratic politician of Knott county.

THE New York Mail and Express says ex-candidate BRYAN announces that henceforth persons desiring his written opinion on any given subject will be paid for it. That is to say, they must place the dollar above the man and let him reach for it.

MR. C. H. DUTY, who was appointed a member of the State Election Board several days ago, will serve only until the new law goes into effect in January.

Under the new election statute the Republican state organization selects one of the members of the State Board and the Democratic organization the other.

TWENTY per cent. of the men who voted the Prohibition ticket in New York City did not know how to mark their ballots properly and lost their votes in consequence.

There were 640 votes cast by this supposedly intelligent class; but it is dollars to doughnuts that 640 drinking men would have been able to vote without mis-marking 135 ballots.

SOME of the fanatics in Congress propose to "prohibit" the sale of liquor on military property or in military camps of the United States.

The gentleman who heads the procession is Representative LITTLEFIELD of Maine.

Maine, it will be remembered, also "prohibits" the sale of liquor; and yet there is more drunkenness in that state than in some of those where a man can walk up to a bar and buy a drink instead of having to suck it out of a gasp or gulp it from a rubber bag hid under his vest.

In his Message to Congress President McKINLEY thus eloquently summarizes the growth of this great Nation:

"When the Sixth Congress assembled in November, 1800, the population of the United States was 3,089,483. It is now 76,304,799. Then we had 16 states; now we have 45. Then our territory consisted of 900,000 square miles. It is now 3,846,050 square miles. Education, religion and morality have kept pace with our advancement in the sale of liquor and while extending its power the Government has adhered to its foundation principles and abated none of them in dealing with our new peoples and possessions. A Nation so preserved and blessed gives reverent thanks to God and invokes His guidance and the continuance of His care and favor."

HOW IT'S BACKED.

Undoubted Reliability is Expressed in Maysville Indorsement.

What you want is home indorsement. The backing of people you know.

Maysville proof for Maysville people. That's what follows here.

Surely no better backing can be had than the following statement from Mr. Edward Oliver of 108 West Fourth street:

"It did not require an entire box of Doan's Kidney Pills to entirely end backache which I had suffered from for a considerable length of time. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and my advice to anyone in need of a kidney cure is to try Doan's Kidney Pills and they will not be disappointed at the results obtained."

A New Bedford, Mass., Dec. 10.—Monday morning nearly 1,000 operatives remained away from the Acushnet and Hathaway mills owing to a dispute with their employers on the subject of stoppage of pay. A meeting of the strikers was held for the purpose of outlining a future policy to be followed.
